

# Ko e Meningitis

(Meningococcal Disease) ko e gagao kelea lahi

Talaage ke he Ekekafo haau kaeke kua fai fakamailoga pehē nā a ia ne gagao, po ke fai mena pihia ne logona e ia:

Ko e tama haau ka moua he gagao nā to:

▶ fai fiva velavela

▶ tagi - okaoka - uehi

▶ ai manako ke kai - ai manako ke inu

▶ kokō - lua

▶ tauvelimohe - talofelofe, uka ke ala ka fafagu

▶ mamahi e kākia nākai fiafia ke he tau mena maama tuga e molī

▶ fai patapata po ke kulakula e tino

▶ fiva mo e mamahi e ulu

▶ kokō - lua

▶ tauvelimohe, ai maama e tau vagahau; vagahau mena noa; ai maeke ke ala ka fafagu

▶ mamahi e kākia nākai fiafia ke he tau mena maama tuga e molī

▶ mamahi ha tutaki he tino mo e mamahi e kakano

▶ fai patapata po ke kilakila kula e tino

**Ko e ha vala nī he tino ka patapata kula. Pete nī he taha e tama ila po ke pata kula he tino, ko e mena lahi a ia ke fakakite ke he Ekekafo.**

## Ua fakatali - Kumi atu fakamafiti e lagomatai

Kaeke ko koe po ke taha he haau a kaina ne gagao, kua moua taha po ke loga e tau fakamailoga nā kua tohi he pepa nai:

- Hea telefoni fakaave ke he Ekekafo he kiliniki (medical centre) pete nī ko e aho po ke pō.
- Talaage ki ai e tau fakamailoga he gagao.
- Fakamakamaka ke moua vave taha lagomatai fakaekakafo - aua neke fakateaga po ke lololele haau a tau pūhala ole lagomatai. Manatu ko e mena kelea lahi e gagao nei.
- Ka mafiti e lagatau he gagao Meningococcal Disease ke tului aki e tau vai Antibiotics, to maeke ke hao e tau momoui he tau tagata ne gagao.
- Pete nī he kitia he Ekekafo mo e pehē ko e mafola, ki a kikite tūmau ki a ia.
- Ka holo ki mua e kelea ti, liuaki fakamifiti ke he Ekekafo.
- Ua toka tokotaha a ia ne gagao.
- Pete nī kua huki fakagata e tama haau aki e vai meningitis, maeke agaia a ia ke moua e gagao mai he falu a pūhala mo e falu a vahega gagao pehē nai.
